

CT network patch panel

Overview

CT panels complement our CT work area products and offer a feature-rich and flexible patching solution. Flat CT couplers are ordered separately and quickly snap into the black anodized patch panels. This easy snap-in capability lets you custom configure panels to suit your particular application. When building or upgrading a network, choosing the right patch panel is a critical decision that affects both performance and scalability. Though they look nearly identical at a glance, the internal structure and performance capabilities vary. Leviton offers the industry's best global patch panel service and logistics with a wide array of flexible solutions for every application, backed by industry leading service and support. QUICK LINKS: [Copper Systems](#) | [Data Center Solutions](#) | [Enterprise Solutions](#) | [NS Support](#) Leviton offers the. Shop CT® Patch Panel, 24-Port By Siemon (CT-PNL-24) At Graybar, Your Trusted Resource For Copper Patch Panels And Other Siemon Products. The high density format is ideal where cabinet space is at a premium.
