

Cable clips for securing cables to cable trays

Overview

Other add-ons include plastic nuts, bolts, swift clips, wire baskets, couplers, tees, crosses, and brackets. These fittings are used in conjunction with cable trays to support cables in ventilation holes, assist with directional change of piping systems, and aid cable. Cable tray systems play a pivotal role in organizing and supporting cables, and their efficiency is further optimized with the use of high-quality accessories. At ChannelandTray, we offer a comprehensive range of cable tray accessories designed to enhance the functionality and durability of cable. LINIAN cable tray clips provide a faster, safer and fully compliant solution for securing cables to metal cable trays. Available in five sizes — 50mm, 75mm, 100mm, 150mm and 225mm — the clips are suitable for light, medium and heavy-duty trays across industrial, data centre, telecoms, and fire &. Check each product page for other buying options. This product has sustainability features recognized by trusted certifications. Made with chemicals safer for human health and the environment. Manufactured on farms or in facilities that protect the rights and/or health of workers.
