

Fiber optic cable reel is detachable

Overview

Transportable optical fibre cable units are delivered on special 1-hand reels, which have been developed just for these purposes. Unreeling for use and reeling back after use are very easy! The weight of an empty reel is 3,4 kg. It is ideal for using in communication, broadcast and pro audio applications. Additionally, detachable pull rod and pulley allows operators to easily rotate reel in deployment or take-up situations. The BX-05 Portable Field Deployable Industrial Metal Fiber Optic Cable Reel, 100-1500m is a robust and mobile solution for managing long-distance fiber optic cable deployments in demanding environments. Each fibre has a 1 mm PMMA core with a transparent polymer cladding, all protected by a robust 2. This. Supplier highlights: This supplier mainly exports to the United States, Dominican Republic, and Germany, offers quality control services, and can provide full customization, design customization, and sample customization while holding product certifications. The positive review rate is 100. It is lightweight, crush-resistant.
