

Fiber optic patch cord UPC-UPC

Overview

This fiber optic patch cable, made with Corning® SMF-28® Ultra Fiber has a UPC or "Ultra Physical Contact" polish on the fiber optic connector end faces. This polish results in a highly radiused domed end face surface that optimizes physical contact between the mated fiber cores. Fiber optic technology is the basis of today's communication networks, offering fast, long-distance, and low-loss data transmission. With compact designs and reliable performance, LC UPC patch cords are ideal for high-density environments like data centers and enterprise networks. This article. SC/UPC SC/UPC SM 9/125 μ Single Mode Duplex Fiber Optic Patch Cord / Jumper Fiber Optic Patchcord Series by Fiber4u For over 20 years, Fiber4u has been the top choice for fast, cost-effective solutions in Fiber Optics, Rack Cabinets, and Copper network products. Enhance your network connectivity with our quality solutions. High-quality LC-SC or SC-LC single-mode (mono-mode) duplex fiber-optic patch cable.
