

Lithuania sells optical cables

Overview

Despite a negative CAGR and a significant decline in growth rate from 2023 to 2024, Lithuania's fiber optics cable import market saw top shipments from Estonia, China, Poland, Spain, and Germany in 2024. This growth was supported by the ongoing modernization of AB Lietkabelis, the main state-influenced producer, and rising demand for optical fibre cables driven by the rollout of. Telecentras is a Lithuanian state-owned joint-stock company that offers a range of services including radio and television program transmission, data transmission, internet services, smart television, telephony services, and data center solutions. The market remained moderately concentrated with a stable Herfindahl-Hirschman Index (HHI). From 2020 to 2024, Lithuania's trade in optical fiber cables was characterized by a significant reliance on imports from key European and Asian suppliers, while developing.
