

Price of large cable tray wiring

Overview

Cable tray pricing depends on materials, coatings, size, supplier margins, and order quantity —plus hidden costs like shipping and installation. The selection of the method of carrying wires is based on two points: the cost of the components and the cost of work. Ladder type cable trays are built for heavy-duty routing. In power-heavy areas, they prevent failures that would be far more expensive than the tray itself. They cost less than ladder. The B2B market on Alibaba offers a wider range of cable trays for industrial, commercial, and construction applications. Prices are significantly lower, reflecting bulk purchasing and direct manufacturing. Fireproof Type Electrical Ss 304 Stainless Steel Metal Cable. The average cable tray price per meter ranges from \$2 to. Cable tray systems are the perfect solution for running large quantities of power or data cables overhead or under-floor.
