

Rru armored optical cable

Overview

High-performance Ericsson RRU RRH DLC fiber optic patch cord with waterproof connectors, low insertion loss (0. Ideal for FTTA, industrial, and harsh environments. Multi-purpose outdoor, for connection between distribution box and RRH, RRU. Deployment in Remote Radio Head cell tower applications FTTX FTTA FTTH applications 1. who are we?

We are. NSN Boot compatible Fiber Optic Connector, CPRI LC LC Armored Cable, RRU CPRI Cable Description This outdoor optical cable assembly can be used for connecting the Main Unit (MU) to the Radio Remote Unit (RRU). This optical cable can also be used as a jumper cable on both MU- and RRU-side when MU. Fullaxs, a standard waterproof interface, designed & developed by TE is widely used for the wireless base station linked to FTTA equipment that set up outdoor environment. Compared with ODVA or standard PDLC, Fullaxs its waterproof IP has better performance even up to IP68, and it also has higher. ABPTTEL Hybrid Fiber-Power Cable (GDWC) integrates optical fibers and copper power conductors into a single ruggedized cable, enabling faster FTTA deployment while reducing tower load, labor cost, and installation risk. Works as a complete FTTA set with IP68 tower-top box and waterproof CPRI patch. Zion Communication offers a comprehensive range of FTTX drop cables, suitable for overhead, duct, indoor, and outdoor applications. It amplifies and transmits mobile signals to improve coverage and capacity.
